Original Article

298-303
Whipple’s procedure and retrocolic gastroenteric anastomosis
Bahtiyar Muhammedoglu, Huseyin Kerem Tolan, Sezgin Topuz, Suleyman Kokdas

304-8
The importance of clinical and histopathological correlation in the diagnosis of skin diseases: An eleven years’ experience
Mahmut Sami Metin, Mustafa Atasoy

Comparison of serum and tissue values of miRNAs related to autophagy in glial brain tumors and metastases other than lymphoma
Necati Ucler, Murat Geyik, Mert Nazik, Ibrahim Erkutlu, Mehmet Alptekin, Ali Nehir, Ali Atadag

314-7
The characteristics of episodic migraine vs. chronic migraine at high altitude and the relationship with body mass index, education level and MIDAS
Mustafa Ceylan

318-21
The independent risk factors that affect the hospitalization of acute bronchiolitis
Ridvan Selen, Mehmet Aslan, Erdem Topal

Inter-observer compliance in the SurePath liquid-based cervicovaginal smears diagnosed with epithelial cell abnormality
Vahide Baz, Selver Ozekinci, Gulcin Harman Kamali, Selma Sengiz Erhan

322-8
Bone decortication rate and guided bone regeneration under an occlusive titanium dome: Micro-CT analysis
Ahmet Huseyin Acar, Umit Yolcu

Gastrointestinal stromal tumors: Factors affecting prognosis and single-center surgery results
Ersin Gundogan, Gökcen Alınak Gundogan, Metin Kément, Kenan Çetin, Aylin Acar, Nejdet Bildik

Assessment of BCL-2 expression in actinic keratosis, keratoacanthoma and seborheic keratosis cases
Sevda Onder, Havva Erdem, Nurten Turhan Haktanır, Hilal Balta, Muruvvet Akçay Celik

Surgical and endovascular treatment for mesenteric ischemia
Huseyin Onur Aydin, Ebru Hatice Aynazoglu Soy, Tevfik Avci, Tugan Tezcaner, Fatih Boyvat, Sedat Yıldırım

High-dose botulinum toxin in chronic anal fissure treatment: Short term results
Hamza Cinar, Çağrı Akalin, Ismail Aydin, Tugrul Kesicioglu, Sercan Buyukakincak

Zinc oxide, lidocaine, hot water, and lateral internal sphincterotomy for fissure-in-ano: Randomized controlled study
Serden Ay, Mehmet Ali Eryilmaz, Ahmet Okus, Nergis Aksoy, Barış Sevînce, Omer Karahan

Specimen extraction and anvil placement methods in laparoscopic colorectal surgery: A single surgeon’s experience
Servet Karagül

Our experience of endovascular treatment in coronary subclavian steal syndrome with a review of the literature
Tuncay Erden, Dogus Hemsinli

Bezoars: A comprehensive review of the literature with analysis of 30 collected cases
Hamdi Taner Turgut, Cagri Tiryaki

Musculoskeletal disorder symptoms in nurses and etiological factors: A cross-sectional research
Aslı Kalkım, Tulay Sağkal Midilli, Sinem Dogru

The comparison of postoperative wound healing following different gingivectomy techniques: A randomized prospective clinical trial
Bercest Guler, Sıla Cagrı Isler, Ahu Uraz, Suleyman Bozkaya, Fitnat Deniz Cetiner

Fatigue severity scale, fibromyalgia impact questionnaire, and visual pain scale scores in patients with fibromyalgia
Abdurrahman Çetin, Mehmet Tahir Gökdemir

Prognostic factors affecting survival in stage 3 colorectal cancers
Mehmet Bayrak, Yasemin Altintas

Vaginal sacrospinous ligament fixation versus abdominal sacrocolpopexy for the treatment of vaginal cuff prolapse: A retrospective study
İsıl Koçölü, Ercan Yılmaz

Clinical and histopathological analysis of 1694 cases diagnosed with endometrial polyps based on endometrial sampling
Nurhan Sahin, Ganimé Coban, Zeynep Sezal, Gökhan Kılıç, Halime Cali, Dilek Serma Arıcı

Pre-operative work-up before bariatric surgery: Should ultrasonography and upper gastrointestinal endoscopy be done routinely?
Yasemin Altintas, Mehmet Bayrak

Comparison of diagnostic efficacy of MRCP and ERCP in the management of choledocholithiasis
Bunyamin Gurbulak, Muhammed Zubeyr Ucuncu

Effects of single high-dose systemic vitamin D injection to dentin-grafted bone defects in osteoporotic rats
Uğur Mercan, Akif Turer
Paederus dermatitis: An observational study
Mahmut Sami Metin, Omer Faruk Elmas

Review of hospitalized newborns due to indirect hyperbilirubinemia: A retrospective, observational study
Murat Cansever, Ahmet Ozdemir

Comparison of experienced and inexperienced centers in cadaveric organ preparation for transplantation
Yucel Yuksel

Evaluation of bone resorption after implant surgery: Analysis of short-term follow-up
Aydin Keskinruzgar, Ayse Ozcan Kucuk

Apelin has inhibitory effect of endothelium-independent relaxation in the human internal mammary artery
Emine Kacar, Oktay Burma, Ihsan Serhatlioglu, Nazife Ulker, Ahmet Yardimci, Ayhan Uysal, Haluk Kelestimur

Evaluation of cardiorespiratory state in patients with cerebral palsy
Cigdem El, Irem Huzmeli, Esra Dogru Huzmeli, Fatma Duman

Unplanned readmission and outpatient workup 90-days after cholecystectomy in adults
Mehtem Bayrak, Yasemin Altintas

Clopidogrel inhibits acetylcholine-induced contractions of urinary bladder in rat
Emine Kacar, Serhatlioglu Ihsan

The correlation between cytological examination of ascitic fluid and serum ascites albumin gradient in the differential diagnosis of ascites
Yahya Atayan, Mehmet Ali Erdogan, Ali Riza Caliskan, Mehmet Veysi Deviren, Ayetullah Apak, Sendag Yasliyak

Cervicothoracic junction instrumentation: Single center retrospective clinical analysis
Mehmet Sorar, Omer Selcuk Sahin,

Risk factors for coronary artery disease in left bundle branch block
Kerem Can Yilmaz, Suzan Keskin, Orcun Ciftci, Bulent Ozin, Haldun Muderrisoglu

Early-stage outcomes of bursectomy in surgery of gastric cancer and radical gastric resection
Sinan Binboga, Murat Cikot, Eyup Gemici, Ahmet Surek, Osman Kones, Halil Alis

Evaluation of anesthesia management in laparoscopic radical prostatectomy surgeries: A retrospective clinical study
Muharrem Ucar, Mukadder Sanli

Benefits and reliability of laparoscopic sleeve gastrectomy in patients aged 60 years and older
Yavuz Arslan, Bahat Tunca, Yonca Ozvardar Pekcan, Cihan Alit, Tugba Han Yilmaz, Huseyin Gulay

Evaluation of macular and retinal nerve fiber layer thicknesses in episodic-type cluster headache patients by optical coherence tomography
Mehmet Tecelioglu, Cem Cankaya

Comparison of the effects of adding fentanyl or remifentanil to propofol in colonoscopy sedoanalgesia on visual analog scale and recovery: A prospective double-blind study
Mukadder Sanli, Muhammed Ucar

Clinical characteristics of the patients with cavernous angionomas
Ozhan Merzuk Uckun, Omer Polat

Diagnostic utility of tru-cut biopsy in the assessment of breast lesions
Yasemin Altintas, Mehtem Bayrak

Clinical efficacy and acceptability of 0.25% flurbiprofen mouthwash after periodontal flap surgery: A double-blinded, parallel-group, placebo-controlled, randomized clinical trial
Sila Cagir Isler, Cisse Nazim, Muge Aydogan, Memnune Dinc, Yikmat Bakhishov, Burcu Ozdemir

PAP smear test in the diagnosis of endometrial carcinoma: How useful is it, what does it indicate?
Zehra Bozdag, Omer Eronat

An evaluation of gabapentin and pregabalin usage in the treatment of neuropathic pain related to spinal cord injury
Yasem Emre Kaya

**Case Report**

A case of pediatric infratentorial oligodendroglioma
Gulec Mert Dogan, Ahmet Sigirci, Emin Samdanci

**Letter to the Editor**

A rare presentation of chronic granulomatous disease; intracranial mass associated with aspergillosis
Cem Alatas, Erdem Topal, Erkan Gocum, Sinan Kutuk, Ahmet Sigirci, Mustafa Gayuz Koker

An extraordinary complication of spinal anesthesia: Brain edema
Pinar Duman Aydin, Sumeyra Asci, Serap Kalayci, Ahmet Sen
